

The machine name: Polarimetric device

Model: WXG-4

Manufacturer: TYPE

Country: China

Specifications: Weight 5 kg, Optical rotation measurement range of $\pm 180^\circ$,

Dial Vernier Value in reading :0.05

Overall dimensions: 540*220*380(mm)

Monochromatic Light Source(Sodium Lamp): 5893A

Instrument application: To measure the angle of rotation of polarized light(
